CATALOGUE 2018.04

Welcome to the Mindray Accessories Catalogue

This catalogue will provide you with the parts and accessories that connect to your Mindray Patient Monitor, Electrocardiograph, Defibrillator. Each Mindray product is the product of a special brand of patient focused, clinician-friendly design. For this reason, you can expect the same service, focus and quality with our parts and accessories.

Finding the Right Part

This catalog has been designed to make finding the right part easy. Chapters are organized by specific parameter categories. Simply locate the type of part you are looking for under the appropriate category.

Note:

This catalog is not an Operating Instructions Manual. This catalog will assist you in identifying the correct parts and accessories to connect to your Mindray product, please refer to the Operating Instructions Manual. Warnings, Precautions and Notes can also be found in the Operating Instructions.

ECG Accessories

Integrated ECG Cable Assembly

- Integrated design, convenient for use and maintenance
- Meeting the requirements of EC53
- Outstanding shielding property and anti-interference performance, protecting ECG signal from being interfered
- Excellent defibrillation-proof performance, well protecting the equipment
- Flexible and durable cables
- Outstanding cable material, enduring repeated cleaning and disinfection
- Latex free

Integrated ECG Cable Assembly

For BeneView, iPM, iMEC, uMEC series monitors, BeneHeart defibrillator

Picture	Model	Part No.	Description	Purchasing Unit
 An integrated ECG cable assembly with a grey connector and five leads: one red, one yellow, one black, one white, and one black.	EA6251B	040-000961-00	ECG cable and wires (integrative): Adu/Ped, 12 Pin 5-Lead, Defib-Proof, AHA, Snap, 3.6 m	Each
 An integrated ECG cable assembly with a grey connector and five leads: one red, one yellow, one black, one white, and one black.	EA6252B	040-000963-00	ECG cable and wires (integrative): Adu/Ped, 12 Pin 5-Lead, Defib-Proof, IEC, Snap, 3.6 m	Each
 An integrated ECG cable assembly with a grey connector and three leads: one red, one white, and one black.	EA6231B	040-000965-00	ECG cable and wires (integrative): Adu/Ped, 12 Pin 3-Lead, Defib-Proof, AHA, Snap, 3.6 m	Each
 An integrated ECG cable assembly with a grey connector and three leads: one black, one yellow, and one red.	EA6232B	040-000967-00	ECG cable and wires (integrative): Adu/Ped, 12 Pin 3-Lead, Defib-Proof, IEC, Snap, 3.6 m	Each

SpO₂ Accessories

Mindray SpO₂ Accessories

Mindray SpO₂ Cable

- Ergonomic design, precise engineering and clinical testing guaranteeing reliable measurement
- Well anti-electromagnetic interference, suitable for complex electrical environment
- Flexible and durable cables
- Outstanding cable jacket, enduring repeated cleaning and disinfection
- Easy to change sensor, meeting clinical requirements for patient use
- Latex free

For BeneVision, BeneView, iPM, iMEC, uMEC series monitors, VS-600/900, BeneHeart defibrillators

Picture	Model	Part No.	Description	Purchasing Unit
	562A	009-004600-00	Mindray SpO ₂ extension cable, 7 Pin, 2.5m(high-end)	Each
	562A	0010-20-42710	Mindray SpO ₂ extension cable, 7 Pin, 2.5 m	Each
	562B	040-001443-00	Mindray SpO ₂ extension cable, 7 Pin, 1.2 m	Each

For PM, MEC series monitors, VS-800 vital signs monitor

Picture	Model	Part No.	Description	Purchasing Unit
	561A	0010-20-42594	Mindray SpO ₂ extension cable, 6 Pin, 2.5 m	Each
		040-001274-00	Mindray SpO ₂ extension cable, 6 Pin, 1.2 m	Each

For TMS-6016 telemetry monitoring system

Picture	Model	Part No.	Description	Purchasing Unit
		0152-30-39689	Mindray SpO ₂ telemetry module with extension cable, 4 Pin, 0.5 m	Each
		0152-21-39686	Telemetry adapter cable (metal connector to plastic connector)	Each

For TM80 telemetry monitoring system

Picture	Model	Part No.	Description	Purchasing Unit
		115-029488-00	Mindray SpO ₂ module for BeneVision TM80, 6 Pin, 0.5m	Each

Mindray SpO₂ Sensor

Finger-Clip Sensor (Reusable)

- Ergonomic design, precise engineering and clinical testing guaranteeing reliable measurement
- High quality photoelectric element, ensuring precise measurement
- Well anti-electromagnetic interference, suitable for complex electrical environment
- Perfect performance against light interference, can be used in environment of strong light
- ESU-proof, ensuring SpO₂ signals not interfered during operation
- Strict electric safety specification, guaranteeing safety for use
- Few pit structure, not easily staining, convenient for cleaning
- Outstanding cable jacket, enduring repeated cleaning and disinfection
- Latex free
- Good biocompatibility, avoiding allergic reactions to patient

For all Mindray SpO₂ Cables and PM-50/60 pulse oximeter

Picture	Model	Part No.	Description	Purchasing Unit
	512F	512F-30-28263	Reusable sensor, adult, finger-clip, 1.1 m, >30 kg	Each
	512H	512H-30-79061	Reusable sensor, pediatric, finger-clip, 1.1 m, 10-30 kg	Each

Finger-Tip Sensor (Reusable)

- Ergonomic design, precise engineering and clinical testing guaranteeing reliable measurement
- High quality photoelectric element, ensuring precise measurement
- Well anti-electromagnetic interference, suitable for complex electrical environment
- Perfect performance against light interference, can be used in environment of strong light
- ESU-proof, ensuring SpO₂ signals not interfered during operation
- Strict electric safety specification, guaranteeing safety for use
- Silicone rubber sheath, not likely to break in case of drop, hardly sensor off
- Few pit structure, not likely staining, convenient for cleaning
- Outstanding cable jacket, enduring repeated cleaning and disinfection
- Latex free
- Good biocompatibility, avoiding allergic reactions to patient

For all Mindray SpO₂ Cables and PM-50/60 pulse oximeter

Bandage Sensor (Reusable)

- Ergonomic design, precise engineering and clinical testing guaranteeing reliable measurement
- High quality photoelectric element, ensuring precise measurement
- Well anti-electromagnetic interference, suitable for complex electrical environment
- ESU-proof, ensuring SpO₂ signals not interfered during operation
- Strict electric safety specification, guaranteeing safety for use
- Compact and lightweight, single buckle design, easy to handle, not likely to loose
- Silicone rubber bandage (518B), no sharp edges, no hazard to hurt the neonates, no breakage from drop
- Foam bandage (518C), comfortable, permeable to air
- Few pit structure, not likely staining, convenient for cleaning
- Outstanding cable jacket, enduring repeated cleaning and disinfection
- Latex free
- Good biocompatibility, avoiding allergic reactions to patient.

Non-invasive Blood Pressure Accessories

Non-invasive Blood Pressure Tubing

- Not deform even if for long-term use
- Reasonable hardness avoids severe bending, ensures the safety of deflation
- Reasonable hardness ensures well transmission of blood pressure signal
- TPU ensures good air tightness and long life
- Latex free, PVC free
- Good biocompatibility, free from biological hazard to skin

For BeneVision, BeneView, iPM, iMEC, uMEC series monitors, VS-600/900, BeneHeart defibrillator
